COMO FILTRATION

PRODUCT SPECIFICATIONS

Portable Filter Cart
Model 120-Air, Water-Based

The Model 120-AW is a turnkey filter cart designed for water-based applications when shop air is needed. With dozens of filter options, you can meet goals as low as 1 µm and 20 ppm water. Each COMO Filter holds up to 20 pounds of dirt and 1 gallon of water, so you can extend fluid life and reduce downtime with fewer filter changes than the competition.

THIS PRODUCT FILTERS

- Coolant
- Cutting fluid
- Grinding fluid
- Stamping fluid
- Fuel oils
- Water-glycol
- Parts washer fluid
- Polymer quenchant
- Many other industrial fluids

SPECIFICATIONS

- Two C-1000 powder-coated depth-filter housings
- 1/2" air diaphragm pump with poly body
- Portable, chrome-plated frame with oil-resistant wheels
- Dimensions: 23" W x 24" D x 46½" H
- Approximate weight: 130 lbs.

STANDARD FEATURES

- Air filter & regulator to control inlet air pressure
- Needle valve to adjust pump cycle-speed and fluid flow rate
- Pressure gauge to monitor filter element life
- Stainless-steel element lifter

Don't let abrasive wear and corrosion affect your productivity.
Remove contamination and reduce downtime by using the COMO Model 120-AW.
