### REPLACEMENTS FOR FARR® GOLD CONE™

#### Need a replacement for the Gold Cone?

ECO Environmental Filtration introduces a retrofit cartridge for the FARR Gold Series® Dust Collector.

#### BENEFITS of ECO CARTRIDGES:

- Better air flow
- More efficient cartridge cleaning
- Heavy inner core to prevent collapse
- Various media options for your system
- Two mounting plate design options
  - One-piece mounting plate design
  - Reusable mounting plate design

One-Piece Mounting Plate Design

Reusable Mounting Plate Design

#### Instructions for Installing ECO Retrofit with Reusable Mounting Plate Design:

1. Remove Farr cartridge from system
2. Carefully install the ECO reusable mounting plate onto the ECO filter as shown.
3. Be sure to install the plate with the tabs upward to center the filter in the head plate.
4. Reinstall cartridge/mounting plate into collector.

For filter change-out, order ECO filter only, and reuse the mounting plate.
