

Duck's Back® Cartridges

...like water off a duck's back, ECO Environmental Filtration's filters made with our Duck's Back media deliver the highest filtration efficiencies in "severe service" applications.

TYPICAL APPLICATIONS:

- Weld Smoke
- Plasma Cutting
- Laser Cutting
- Pneumatic Conveying
- High Moisture Conditions
- Water and Oil
- Fiberglass
- Sugar
- Fumes

Paper/Cellulose cartridges quickly blind due to hydrocarbons and contaminants soaking into the fabric media.

Duck's Back promotes effective pulse cleaning of the filter by making water and oil bead up on the pleated surface, promoting maximum release.

BENEFITS:

- Lower pressure drop
- Higher efficiencies
- Maximized blow-off of dust cake
- Unobstructed airflow
- Humidity resistance
- Washable

Duck's Back filters are washable, reusable, and nearly indestructible!

REPLACEMENTS FOR:

- | | |
