BAG REPLACEMENTS

ECO Environmental Filtration has expanded its line of Pleated Bags to provide pleated bag replacements for most bag house applications.

BENEFITS of ECO PLEATED BAGS:

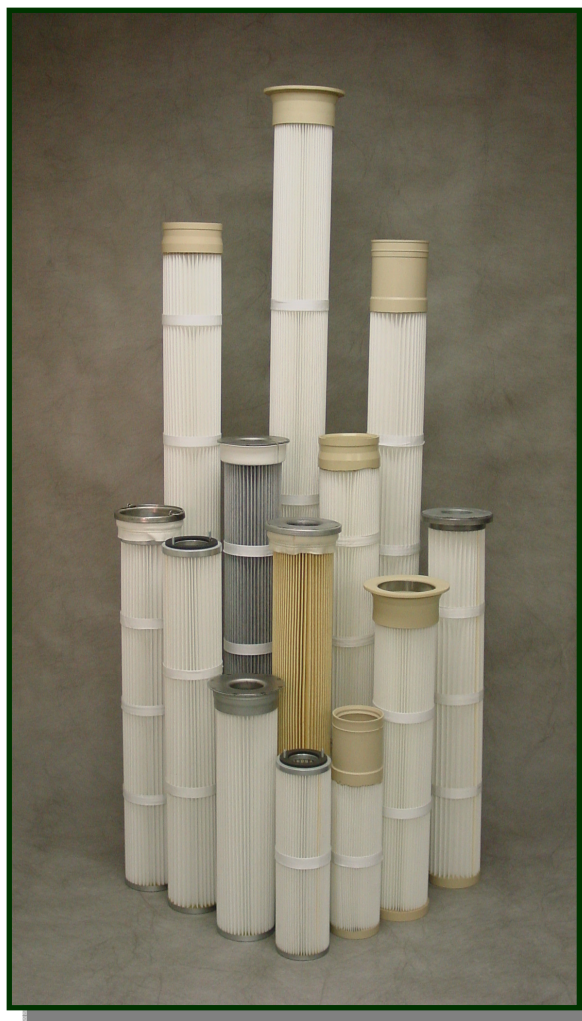

- Lower Air-to-Cloth Ratio
- Higher Efficiencies
- Longer Bag Life
- Higher Production Rates
- Greater Collector Capacity
- Lower Maintenance Costs
- Field Tested & Proven
- Washable & reusable
- Shallow Pleat Depth for Better Cleaning
- No Cages Needed

ECO PLEATED BAG OPTIONS:

- 100% Polyester Media
 - ECOSPUN™
 - Silver Shield® (Aluminized)
 - ECOSPUN HE™ (PTFE Laminated)
 - Duck's Back® (Hydro/Oliophobic)
 - ECOSPUN FR™ (Flame Retardant)
 - ECOSPUN CI™ (Carbon Impregnated)
- ECOFELT HT™ (Aramid - up to 375°F)
