

FJORD AVIATION PRODUCTS SFN-1.5 Dust Cover is made of high impact absorbing urethane and designed for the OPW 295SA Series Overwing Fueling Nozzle with the 1-1/2" Round Spout (OPW 295SA-0138). Not only does the SFN-1.5 dust cover meet and exceed FAA, Military and Commercial standards for protection and sealing qualities; but no marring or scratching or scraping of any surface occurs from the dust cover or it's urethane lanyard –unlike the metal dust cover with its “spring chain.”

FEATURES: UV, fuel and chemical resistant
 Flame Retardant / Non Combustible
 Temperature Resistant from -20° to 200°F
 Urethane lanyard w/ stainless hardware
 (replacement lanyards available)

COLOR: Black or Red

Prevent air, water, dirt and other contaminant intrusion from entering the fuel system from the fueling nozzle for years (2 year warranty, lanyard not included) with **FJORD AVIATION PRODUCTS SFN-1.5 Dust Cover** and help maintain “clean dry fuel to the aircraft.”
